Presidents Report

I would like to welcome everyone back after this long, hot, and humid summer! Once again, it seems the heat was worse than I can remember. I hope that everyone made it through without much difficulty, since you men and women are the consummate professionals in doing your job. Management can continually try to underestimate what you do, which I can say they tried to do all summer long in some offices due to a lack of personnel, but we all made it through despite their ridiculous expectations in these awful conditions. Many things have taken place these last 3 months concerning our job, which I will go into more detail at the regular meeting this month. I will briefly explain some things that have taken place since we last met. We had our national convention in Minneapolis in July, where many of your officers and stewards attended to bring back information about the committees they serve on for the branch. I can say there were many excellent seminars the national provided for us where we got some good information that your officers and stewards will be able to put to use in representing you. I guess everyone was hoping to hear news about our negotiations, which at present is beginning to start, but I must report we were not given anything we did not already know. I will go into more detail at this month's meeting. If you recall in the June newsletter, I had said we were going to try a new initiative during the summer in trying to get more people signed up as eactivist, and we did fairly well in that we now have over 180 carriers signed up, which is an increase of 9%, from 18% to 27%, I thank those who responded. We are starting an e-activist honor roll, where all those signed up will be recognized in the newsletter, as you see this month. If you gave your steward the information I requested from him to ask you for and your name is not here, please forward me your e-mail so we can get you on the list. If you were not given, this request please let me know so I can find out why it was not done. Now there is no reason why everyone should not be signed up as an e-activist, since our future is on the line and we all need to be informed as to what is happening and what we can do to keeps the postal service thriving. In addition, this month we will be making signing up for COLCPE very easy for you to do. We will have our computer set up to sign you up right after the meeting. All you need is your pin number and we can do the rest for you. I have also been informed we have doubled our percentage of COLCPE givers over the summer from 3.83% to 6.56%; once again, I would like to thank those who have stepped up. Please consider signing up for this as well, regardless of your political affiliations. The NALC supports all candidates who support our cause, regardless of their party, so please consider this as well. One last item I need to address is the DUO's that have occurred this summer. Our Gloucester/Bellmawr and Haddon Heights offices have moved into the Camden Annex as of August 25. Our Mantua and Wenonah offices have moved into Sewell as of August 11^{th.} There also are other rumors of offices possibly being moved as well, and if I hear anything, I will let you know as well at our meeting. Hope to see everyone there!

Health Benefits

Hello all, and welcome back. I hope everyone had a safe, healthy summer. A subject that I want to touch on is the USPS plan to do away with all HBP's, and replace them with one USPS Health Plan. I am sure that would not set well with most. NALC, aka you, and I cannot let this happen, and we must do all we can to make sure of that. Lastly, with that in mind open season is coming up, and I urge everyone to really look, and compare all your options. As your HBO Rep, and a member of the NALC Health Plan I ask you to give it a good look/see, and you will find it is a very sound, economical, and very competitive program compared to all the others. I hope that it can meet your needs quite nicely, and you will consider making the switch this year. Do not forget your optical claims too. Hope to see everyone at the meeting. Peace.

Arbitration Underway

Interest arbitration for a new National Agreement between the National Association of Letter Carriers and the United States Postal Service began formally on Thursday, Sept. 6. The hearing convened at NALC Headquarters in Washington, with the union's entire Executive Council in attendance along with a contingent from the USPS. The three-member arbitration panel, consisting of neutral arbitrator Shyam Das, NALC attorney Bruce Simon and USPS attorney Robert Dufek, heard opening statements from NALC's lead counsel Keith Secular and his USPS counterpart, Thomas Reinert. "The NALC acknowledges that the Postal Service's financial situation is as dire as the agency says it is," NALC President Fredric Rolando remarked afterward, "but the main source of the problem is not the pay and conditions of letter carriers, but the Congress of the United States. The arbitration panel cannot solve the financial crisis by helping the Postal Service dismantle itself; Congress must act and the arbitrators must give the parties the chance to do what's necessary to adapt to the needs of the 21st century."
